

FOR A STYLISH EXTERIOR DESIGN: CRÉATION BAUMANN EXPANDS OUTDOOR COLLECTION

The Swiss textile specialist Création Baumann is expanding its versatile collection of outdoor textiles with three fabrics that convey a contemporary look and create a natural living ambience both indoors and outdoors. The easy-care and hard-wearing textiles blend effortlessly into any ambience with their neutral colour palette. Water, dirt and stain-repellent properties make them the perfect outdoor companion. Création Baumann stands for high product quality, aesthetic design and durable textiles. With the new outdoor fabrics, the company is once again underlining its technological expertise and sophisticated understanding of design.

Easy-care and weather-resistant, the new textiles open up the outdoor area as an extended living space with a feel-good ambience. While the neutral colour palette focuses primarily on natural white and warm beige tones through to shades of grey and blue, high-quality manufacturing processes ensure the depth and vibrancy of the textiles.

The OUTDOOR PORTLAND fabric with its strong character has been newly developed. OUTDOOR PORTLAND has a semi-transparent appearance with fine openings, resulting in a particularly natural look and feel. The use of melange yarns emphasises this effect.

The colour palette offers subtle nuances that blend perfectly into a relaxing environment, complemented by strong shades of blue and green. OUTDOOR PORTLAND is available in a total of 13 colours. In addition to its water, dirt and mould-repellent properties, the fabric is also 100% flame-retardant.

The OUTDOOR NICARAGUA curtain and upholstery fabric is available in six neutral colours. The dense fabric impresses with its natural look and subtle colour grain. Different warp and weft colours provide aesthetic depth. Its resistance to stains and discolouration caused by chlorine and salt water, as well as its very high lightfastness, are a big plus in outdoor areas. The textile is also ideal for bathrooms and wet rooms thanks to its mould-resistant quality.

OUTDOOR VENEZUELA impresses with its high-quality, natural look, which can be used discreetly both indoors and outdoors. The semi-transparent curtain fabric is dirt-, stain- and water-repellent – water simply rolls off. Quick-drying, it is therefore perfect for cosy outdoor lounges and pool areas. With a uniform colour palette, OUTDOOR NICARAGUA and OUTDOOR VENEZUELA invite you to combine them.

Création Baumann has been a pioneer in the textile industry for over 130 years. By combining innovative technology, high product quality and contemporary design, Création Baumann has always played a pioneering role, resulting in textile innovations and collections of the highest quality and durability.
