Private residence Andrin Schweizer – Zürich

Bringing the spirit of the times to life.

Starting Point

For the Carte Blanche project about a private residence in Zurich, it was important to Andrin Schweizer to bring the spirit of the time when the house was built back to life in the rooms. He generously chose from the Cotton & Stories collection.

Solution

The varied Cotton & Stories collection offers a broad spectrum of design and combination options. Andrin Schweizer decided on a colour concept where dark hues dominate. The textiles play a significant role in the rooms' design. In addition, the deliberate use of light and shade creates a harmonious and cosy atmosphere.

The rooms now fit better with the spirit of the time when the house was built, whilst exuding an amount of refreshing modernity.
