

Office

# GGEW Bensheim

Acoustic measures in the entire office complex.

## Starting Point

Improve the acoustics in the open-plan office, the consultants' workplaces and at the reception. Flexible use options were sought for the large arena so that the space can be used according to the occasion.

## Solution

Semi-sheer curtains between the working areas improve the acoustics in the open-plan office and at the reception. Acoustic Divider Vario makes it possible to divide the arena into zones of variable sizes, creating endless possibilities to use the space for speeches, meetings and events.

## CAVALLO PIU

**Article-Number:** 0100760

**Use:** Upholstery fabric for contract use

**Number of colors:** 55

**Material:** 80% Wool / 20% Polyamide

**Fabric width:** 155 cm/61 inch/1.70 yard

**Weight:** 350 g/m<sup>2</sup>

**Sound absorption:**  $\alpha_w$  0.75

**Abrasion resistance:** 50'000 Martindale

**Pilling:** 3

**Light fastness:** 5-6

---

## PRIMACOUSTIC

**Article-Number:** 0101310

**Use:** Transparent/semi-transparent curtain fabric

**Number of colors:** 7

**Material:** 100% Flame retardant (Trevira CS)

**Fabric width:** 300 cm/118 inch/3.28 yard

**Weight:** 125 g/m<sup>2</sup>

**Sound absorption:**  $\alpha_w$  0.60

**Light fastness:** 6-7
