Arflex Tokyo

Simple room division and partitioning of the Arflex showroom with roller blinds.

Starting Point

ARFLEX is an Italian-born and Japanese-raised brand, that combines Italian sensibility with Japanese values and craftsmanship to offer you exciting solutions for enriching your lifestyle with built-to-last furniture.

A flexible system is to provide room division and privacy at showroom.

Solution

The large roller blinds serve to divide various scenes in a showroom. Inside the glass cube, too, roller blinds provide partial or complete privacy and more privacy in the meeting room.
