# Kabelwerk Brugg AG – Brugg

The sensitive renovation of the central library in Zurich brings the old together with the new. A modular furnishing system is especially oriented towards the students.

## Starting Point

The training, lecture and multi-purpose room at the Flex building has to cope with the most flexible possible usage. As well as fulfilling acoustic requirements, the curtains also have to divide the room and create an atmosphere.

## Solution

Effective noise absorption and appealing aesthetics in perfect harmony, thanks to the multi-talented SONIC. All the curtains are motorised. The green curtains are doubled so that they provide optimum acoustic separation as well as acting as room dividers. The light green curtain tracks also provide further shading towards the inner courtyard.

## Object

Kabelwerk Brugg AG, Brugg, Switzerland

## Concept

Tschudin & Urech AG, Brugg / Witzig, Baden / Gerriets GmbH, Umkirch / Imhof Akustik AG, Speicher, Switzerland

## SONIC PLUS

**Article-Number:** 0102155

**Use:** Dense curtain fabric

**Number of colors:** 14

**Material:** 100% Flame retardant (Trevira CS)

**Fabric width:** 150 cm/59 inch/1.64 yard

**Weight:** 559 g/m<sup>2</sup>

**Sound absorption:**  $\alpha_w$  1.00

**Abrasion resistance:** 70'000 Martindale

**Pilling:** 4-5

**Light fastness:** 6
