Detached home on Lake Zurich

Timeless re-look.

Starting Point

The interior designer Iria Degen gave the property that she had designed a new look after more than ten years. The designer looked for versatile fabrics that are modern and timeless for the redesign of the private house.

Solution

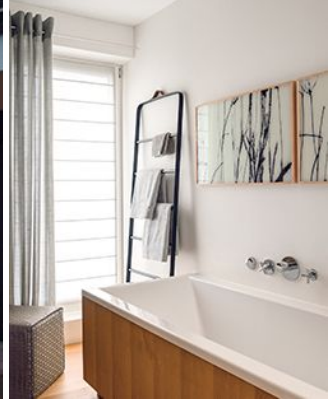

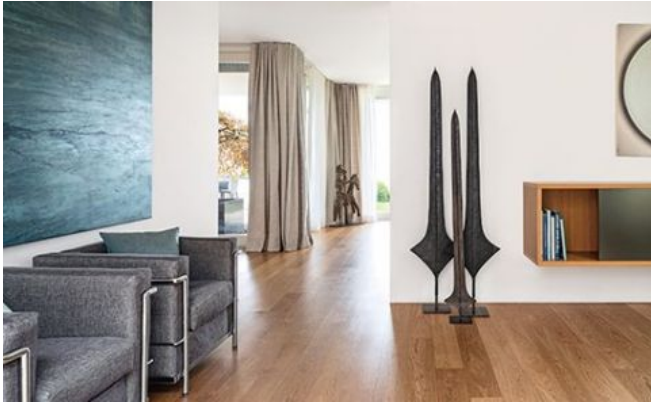

The timelessly modern SILK & SPICES collection offers a wide choice of colour worlds and is therefore perfect for a harmonious overall concept. Blue and beige tones dominate the colour scheme of the apartment and create a uniform image that never appears boring because of the different patterns and the combination of different colour tones.
