MDC Loft – Berlin

Colourful transformation of a Berlin loft with Acoustic Divider Vario.

Starting Point

The MDC Loft Berlin is a large loft with a charming historical flair. In a partially developed old building with plank floors and plasterboard ceilings, the challenge was to transform the spacious space into two separate multifunctional treatment cabins, ideal for a variety of beauty and spa treatments.

Solution

The challenges at the MDC Loft Berlin were successfully overcome by the expert implementation of Raumkontor Zielke&Vogel. The spacious loft was converted into two separate treatment cabins, while retaining the historic charm of the old building. To create a quiet and relaxing atmosphere, ACOUSTIC DIVIDER VARIO with Noiseblocker and LORD and SPORT were used to acoustically separate the rooms. In addition, the colour scheme of the rooms was inspired by the bright colours of canaries. This gives the cabins a refreshing and lively atmosphere.

Textiles Used

LORD IV

Article-Number: 0100130

Use: Dense curtain fabric

Number of colors: 35

Material: 100% Flame retardant (Trevira CS)

Fabric width: 150 cm/59 inch/1.64 yard

Weight: 349 g/m²

Sound absorption: α_w 0.70

Abrasion resistance: 60'000 Martindale

Pilling: 4

Light fastness: 5-6

SPORT II

Article-Number: 0101000

Use: Dense curtain fabric

Number of colors: 31

Material: 70% Polyester flame retardant / 30% Polyester

Fabric width: 300 cm/118 inch/3.28 yard

Weight: 270 g/m²

Sound absorption: α_w 0.80

Light fastness: 4-5
