

Office

Volvo – Regensdorf

Acoustic curtains for aesthetics and comfort in the workplace

Starting Point

Volvo Car Switzerland AG has moved into new offices in Regensdorf that have an unmistakable industrial charm. A solution was sought for the new furnishings that would be both acoustically efficient and aesthetically pleasing, complementing the open space.

Solution

With the installation of 265 metres of track and 645 m² of fabric, a harmonious balance has been achieved between functionality and aesthetics.

Transparent and opaque acoustic curtains (ZETACOUSTIC, SIGMACOUSTIC, PHANTOM PLUS and SONIC PLUS) create a pleasant working environment in meeting rooms and office areas. NAXOS elegantly zones a communal area in an open space. All textiles blend seamlessly with the modern office design and contribute to a quiet and stylish working environment that meets Volvo's acoustic and aesthetic requirements.
