Karimoku Commons – Tokyo

Interior design with textile solutions: Structure, atmosphere and acoustics in harmony.

Starting Point

Karimoku is a renowned furniture manufacturer with over 80 years of experience in creating high-quality wooden furniture, combining state-of-the-art technology with traditional craftsmanship. With «Karimoku Commons», the company has introduced a new spatial concept that goes beyond traditional furniture sales: a meeting place where design, craftsmanship, and lifestyle converge. In response to changing values and lifestyles, the focus is on how spaces can be designed to be not only aesthetically pleasing but also functional and inspiring.

Solution

The showroom concept is based on the principle of «Mazaru» – the harmonious interaction of various elements such as architecture, furniture, art, and craftsmanship. The open, spacious area has been structured through deliberate zoning, creating a natural balance between openness and intimacy. Textile elements played a key role in this design: the elegant SOPRANO COLOR curtains provide subtle spatial division and create a pleasant lighting ambiance. The vertical blinds IROLO offer flexible zoning while adding architectural accents. To optimise acoustics and foster a warm atmosphere, the ACOUSTIC STRIPES acoustic blinds were also incorporated. This thoughtful selection of materials creates a harmonious blend of functionality and aesthetics, inviting visitors to experience the showroom in a multifaceted way.

Textiles Used

SOPRANO COLOR III

Article-Number: 0005500

Use: Transparent/semi-transparent curtain fabric

Number of colors: 49

Material: 100% Flame retardant (Trevira CS)

Fabric width: 300 cm/118 inch/3.28 yard

Weight: 43 g/m²

Light fastness: 6

ACOUSTIC STRIPES

Article-Number: 0102300

Use: Vertical blinds

Number of colors: 10

Material: 100% Polyester flame retardant

Fabric width: 12.7 cm/5 inch/0.14 yard

Weight: 222 g/m

Sound absorption: α_w 0.90

Light fastness: 5-6

IROLO IV

Article-Number: 0010504

Use: Vertical blinds

Number of colors: 24

Material: 100% Flame retardant (Trevira CS)

Fabric width: 12.7 cm/5 inch/0.14 yard

Weight: 23 g/m

Light fastness: 5-6
