

Office

Studio Qwertz – Berlin

Flexible room zoning in an open-plan office

Starting Point

Two separate, flexible rooms were to be created in the open-plan office of Studio Qwertz GmbH without compromising the open-plan room structure. The challenge was to find a solution that would integrate seamlessly into the existing suspended ceiling and at the same time offer a high level of functionality in terms of acoustics and design.

Solution

The ACOUSTIC DIVIDER VARIO with NoiseBlocker was used specifically to ensure optimum acoustic and visual separation. This innovative solution creates quiet zones for concentrated work or undisturbed meetings as required. The two installed ACOUSTIC DIVIDER VARIO systems noticeably improve the room acoustics and enable flexible zoning – ideal for a modern, dynamic working environment. On the open side, the bold LORD colour makes a striking statement and underlines the studio's brand aesthetic. Inside the rooms created, the neutral-coloured SPORT creates a pleasant and restrained atmosphere.

Textiles Used

LORD IV

Article-Number: 0100130

Use: Dense curtain fabric

Number of colors: 35

Material: 100% Flame retardant (Trevira CS)

Fabric width: 150 cm/59 inch/1.64 yard

Weight: 349 g/m²

Sound absorption: α_w 0.70

Abrasion resistance: 60'000 Martindale

Pilling: 4

Light fastness: 5-6

SPORT II

Article-Number: 0101000

Use: Dense curtain fabric

Number of colors: 31

Material: 70% Polyester flame retardant / 30% Polyester

Fabric width: 300 cm/118 inch/3.28 yard

Weight: 270 g/m²

Sound absorption: α_w 0.80

Light fastness: 4-5
